Gurgaon, India | +91-8769966614 | [avi290994@gmail.com](mailto:avi290994@gmail.com) | [LinkedIn](#) | [GitHub](#)

## PROFESSIONAL SUMMARY

**Analytics & Business Intelligence** leader with **6+ years** turning complex commercial data into decisions leadership acts on — across e-commerce, FMCG, healthcare, and BFSI. Currently at **Noon.com** (MENA's largest e-commerce platform), leading category analytics across marketplace and commercial functions. Expert in **BigQuery, SQL, Python**, and automated dashboards. Known for catching data errors before they reach leadership and translating findings into measurable business outcomes. **IIT Kanpur** alumnus.

## TECHNICAL SKILLS

**Programming & Data Analysis:** Python (Pandas, NumPy) | SQL (BigQuery Standard SQL, Advanced)

**BI & Reporting:** Google BigQuery | Looker Studio | Airflow (DAG Automation) | **Advanced Excel** & Google Sheets

**Analytics:** Category & Commercial Analytics | OOS & Pricing | Cohort Analysis | Customer Segmentation | Forecasting

**Techniques:** A/B Testing | Pareto (80/20) | Root Cause Analysis | KPI Development | Attribution Modelling

## PROFESSIONAL EXPERIENCE

### Lead Business Analyst

Noon.com, Gurgaon | Feb 2025 – Present

- **Built seller-performance system:** Architected the **AM/Seller Performance Dashboard (BigQuery + Airflow, twice-daily DAG)** — real-time GMV, OOS & pricing visibility for **12 AMs**, replacing fragmented manual tracking.
- **Prevented a 4x revenue reporting error:** Diagnosed a **BigQuery** join bug inflating category **GMV by 4x** before it reached leadership; rebuilt the **Deep Dive Dashboard** (Overall/EPC/PST/Brand) into the team's reference architecture.
- **Standardized core metrics:** Re-engineered a foundational double-count in the **OOS metric (SQL)**; corrected logic now underpins every stockout-risk and revenue-loss figure across the portfolio.
- **Surfaced a cross-sell opportunity:** Led a **CEO-facing deep-dive (BigQuery + Excel)** identifying a **~190,000-customer** cohort; productionized into **2 BigQuery tables** for ongoing targeting.
- **Delivered forecasts & planning models:** Produced **H1/H2 GMV forecasts (SQL)** feeding the **AOP** and a **Brand Pareto (80/20)** model directing inventory to top-revenue brands; ran **Ramadan YoY** analysis.
- **Protected revenue & campaign ROI:** Traced a **catalog-mapping bug (SQL)** dropping prices on Minutes — restored revenue visibility; fixed a **date-filter attribution bug** overstating a campaign's new-to-brand ROI to leadership.
- **Built P&L & category planning:** Built SKU-level **FMCG P&L (BigQuery, NMV-based allocation)** revealing margin-accretive vs. dilutive lines; owned the **53-week AE/SA AOP tracker (Excel/Sheets)** for Grocery/Baby/HPC.
- **Automated reporting operations:** Built **Airflow DAGs + Apps Script** automailers eliminating manual OOS/pricing report distribution; built cohort frameworks (**BigQuery/raw\_events\_v2**) reused across campaigns.

### Senior Data Analyst

Eucloid Data Solutions, Gurgaon | Jan 2022 – Sep 2022

- **Product & marketing analytics:** Ran **A/B testing & user-journey mapping (Python)** lifting engagement **+20%** and conversion **+25%**; drove targeted campaigns contributing to **+15% sales** and **+10% NPS**.

### Data Scientist

United Health Group, Gurgaon | Aug 2020 – Nov 2021

- **Automated at scale:** Automated daily Dialer Task reporting via **Talend ETL & SQL (-80% manual effort)**; built oncology follow-up workflows (**-70% workload, +15% patient satisfaction**); refactored ETL for **+30% efficiency**.

### Assistant Manager

Citibank, Bangalore | Jul 2018 – Aug 2020

- **Segmentation & retention:** Applied **K-means clustering (Python/SQL)** isolating top customers driving **84% of sales**; built a **KPI dashboard (SAS/SQL/Excel)** and a **24-month inactivity rule** preserving **~₹100M** in revenue.

### Business Analyst (Intern)

Travel Triangle, Gurgaon | 2017

- **Revenue recovery:** Ran a **SQL-driven cancellation deep-dive** identifying a **₹3-lakh** revenue opportunity and a **10%** manpower efficiency gain.

## EDUCATION

**Indian Institute of Technology (IIT), Kanpur** | B.S.-M.S. in Economics | Minor: Industrial & Management Engineering (IME) | 2013 – 2018

## ACHIEVEMENTS

- **IIT-JEE 2013: AIR 2235** | **IMO 2009: 113th Rank** (International Mathematics Olympiad).
- **'Batch of 1984' Merit Scholarship** — awarded to top-performing students, IIT Kanpur.
